

SAT/ACT/PSAT/AP PREP CLASSES

Godwin High School is not affiliated nor endorses any one SAT, ACT, PSAT or AP preparation program or course. The Counseling Office does not recommend that all students participate in a test prep class. The decision to enroll on a test prep class is an individual one, and the results of such classes vary from student to student.

This list is not an exhausted list of preparatory programs nor does it include numerous individual tutors. There is a complete file in of tutors both individual and organizations in the Counseling office.
