

Vision

We envision Henrico High School as an example of excellence in achievement. We see our students as highly motivated, creative and having a wealth of opportunities. We envision the staff, students, parents, and community actively working together respectfully and cooperatively to accomplish our mission and to make our vision a reality.

Mission

The mission of Henrico High School is to provide a high-quality education program designed to help students develop 21st century skills by becoming problem solvers, critical thinkers and lifelong learners. Through our rigorous academic and extra curricular programs, we will prepare students for a global society by teaching them how to become responsible citizens and develop an appreciation for cultural differences. Our school community works to create and demonstrate decency, fairness and civic responsibilities through an atmosphere of equity and respect.

Beliefs

We believe:

- All students can learn.
- Students must be active participants in the learning process.
- Students learn best in a safe and orderly environment.
- The faculty and staff of Henrico High School are responsible for ensuring a high-quality education for each student.
- Henrico High School requires the support and input of the parents/guardians and community to be successful in providing a high-quality education.
- Education prepares students to succeed in an ever-changing world.
- Education builds character and promotes critical thinking, decision-making, problem solving, personal accountability, and effective communication.
- Education develops leadership in students.
